

**PARACELSUS**  
CLINIC *for Healing and Health*

## NEW REFERRAL PARTNER and SERVICE DIRECTORY OPPORTUNITIES

### **+** Become a Referral Partner

Enjoy priority access to the team services at the extraordinary **Swiss Paracelsus Clinic**. Biological Medicine intensive diagnosis and treatment are here for your patients. Build up outreach, earnings and urgent-care resources through referrals and cross-referrals for home care and local specialty services.

***Build your post-Covid business with us.*** We are expanding our partner benefits to help manage the accumulated case loads coming when travel is eased. Add our referral and cross-referral resources to your toolbox *without any fees!*

### **+** New Services Directory

The new **International Biological Medicine Service Directory** helps peers and patients find your local services and adds the cross-referral resources required for effective Paracelsus Clinic home care. *No directory fees!*

We now have hundreds of **Biomedicine Academy Members** in 22 countries. 2021 marks the start of advancing tangible benefits for our common outreach and service mission.

We invite all Biological Medicine, Therapy and Dental Healthcare to join the directory!

### **+** Our Partners are Physicians, Therapists and Dentists

Medical Directors including MD, DDS, ND, DC, DO, OMD, RN      Biological Dentistry Clinics  
Integrated Body-Mind Medical Centers      Naturopathic and Homeopathic Clinics  
Nutrition Counsellors and Healthcare Advocates      Therapy and Bodywork Practitioners  
Medical Tourism Agents located in Asia, Americas and      Detox and Infusion Specialists

### **+** Contact us about new Medical and Dental referral and directory opportunities.

## **+ Referral Partners are Clinics and Practitioners**

We welcome renewed and expanded Partner Agreements with our international network. All health and wellness professionals can now embrace the patient and business benefits offered by Paracelsus Biological Medicine and our complete Body-Mind approach.

Our Service Directory will be used by our Swiss team to find local Biological Medicine home-care support services for our visiting patients, and for cross-referral by regional providers. Join our global network.

We support our partners with a portfolio of market messages and media that help reach out to your local patients searching for Natural and Non-Chemo Treatment Options.

## **+ Medical Tourism Agents**

Service Allowances are provided to Referral Partners to support quality patient consultation and education. Paracelsus Clinic and Biological Medicine as a modality, are a natural, holistic and individualized diagnostic and treatment choice.

We invite Medical Tourism professionals to join our community referral network. A special Referral Program is tailored to improve that unique category of business support.

Our Swiss team have ground travel and accommodation resources your clients will need. Where required, Visa assistance and local translation and escort services can be provided.

Swiss tourism in St. Gallen and Teufen provides quality shopping, historical tours, and spectacular rural countryside experiences.

## **+ Honoraria Referral Partners**

Many of our friends are past patients, public education event attendees, Academy Members and motivated natural medicine health advocates.

A new Honoraria Reward Program is for those who are not full-time professional medical referrers. We do want our advocates to enjoy a benefit for advancing public awareness for Paracelsus Clinic services.

Sign up as an Honoraria Partner!
